

XM Radio is a service that I use daily. It should be my right under the Constitution to "Listen" the the progamming that I WANT TO HEAR, and not just the programs that a FEW MEGA Broadcasting affiliates WANT me to hear, or more appropriately, CHOOSE FOR ME to hear. Leave XM and Sirius Radio alone, and let the public CHOOSE what they want to hear, and when they want to hear it. As a "Veteran" (USMC/USCG), isn't this ONE of the RIGHTS I was fighting for? And many DIED for? Freedom of speech is for every american citizen, not just those with the MONEY and the LICENSE.

American Enterprise..... Made the country great. Let XM and Sirius provide ME with a serivice I CHOSE TO HAVE.

Thank you,

NAB needs to have a lesson on Freedom of Speech.
